**Amendment A**

Commissioner for Patents

Washington, District of Columbia 20231

Sir:

In response to the Office Action of 2001 May 23, please amend the above application as follows:

**Claims**

Cancel claims 1-20 and add new claims 21-40 as follows:

1. ~~21.~~ (New) A system for determining the identity of a pattern on an area, comprising:

- a. a light source other than a laser, having a predetermined spectral bandwidth for producing a collimated beam of light,
- b. a beam splitter for splitting said collimated beam of light into a plurality of beams,
- c. a modulating frequency source for modulating the frequency of one of said plurality of beams,
